## Quality-Focused Manufacturing

### Differentiation at Scale

At HISTRO LEATHER GEAR COMPANY our mission is clear: to deliver products that meet customer specifications at a competitive cost and on schedule. We are dedicated to continuous improvement through Total Quality Management (TQM) principles, focusing on prevention rather than detection of faults.

### Certified Quality Controls

We maintain top-notch quality even at high production volumes, thanks to our ISO-certified quality management. We inspect goods at three stages during production, & all leather undergoes rigorous evaluation before Leather Jacket production. Leather Jacket production to ensure consistent quality across orders.

# Material Guidelines - Leather

## GOATSKIN LEATHER

- Renowned for its rich lanolin content tensile strenght
- Providing flexibility crucial in idustrial uses like warehousing,contruction,& rigging.
- Its finer grain & texture make it ideal for precise tasks like TIG welding , outperforming cowhide.

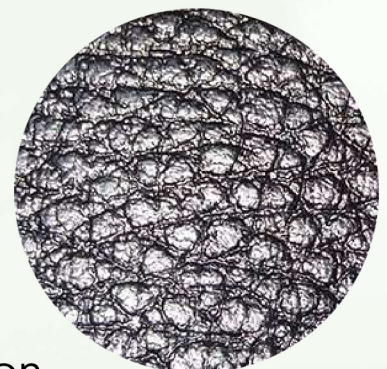

## COW GRAIN LEATHER

- Cow grain leather boats a naturally smooth texture, enhancing its overall appeal & comfort.
- Compared to various other leather types, it is known for its remarkable durability,owing to its innate toughness.
- It's a preferred choice for activities like ranching, farwork, & drilling.

## COW SPLIT LEATHER

- Cow split leather is categorized into three parts based on the hide section it originates from.
- Side split is regarded as the highest quality among these division,sourced from the thickest hide section.
- Side split leather provides notably superior heat protection, especially when properly tanned,setting it apart from other leather types.
